PANJAB UNIVERSITY (CHANDIGARH)

Chandigarh, the 1st September 1969

No. ST/8742.—The Central Government (Ministry of Education) have accorded their approval *vide* their letter No. 3/14/69-U.I. dated 26-8-1969, to the amendments proposed in the following regulations :—

The following Regulation 23 has been added in Chapter III relating to 'Affiliated Colleges' at page 141 of the Calendar, Volume I, 1968 :—

23. All affiliated colleges shall comply with the requirements of Section 27 of the Panjab University Act and those of the various regulations contained in this Chapter, including—

- Service and Conduct rules of teachers of non-government affiliated colleges as laid down in Regulation 16;
- teaching staff and Principal to possess academic qualifications and teaching experience as laid down by the University from time to time and transference of management and changes in the teaching staff to be forthwith reported to the University;
- properly and adequately equipped libraries and laboratories;
- financial resources.

If, at any time, the University finds that a college appoints a Principal or a teacher whose qualifications do not conform to those laid down by the University for the post concerned, or is not complying with the requirements of Section 27 of the Panjab University Act, and various regulations and rules of the University, the Syndicate will have the authority to impose one or more of the following penalties :—

- students of the college concerned shall not be accepted for the University examination;

- the college staff shall be debarred from University work such as appointment as examiners, superintendents of examination centres, etc;
- the Principal or the teacher concerned shall be debarred from seeking election to a University body or his name shall be removed from the list of members of a University body;
- the University may withdraw affiliation granted to the college, in part or in whole."

Regulations 7 for 1st, 2nd and 3rd examinations in B.Sc. Engineering, at pages 283-85, 287-88 and 291-92 of the Calendar, Volume II, 1968, shall read as under :—

FIRST EXAMINATION IN ENGINEERING

7. A student who has passed in the Part II examination but failed in the Part I examination, shall be deemed to have failed in the entire examination and must take both the Part I and Part II examinations again next academic year. However, a candidate who has passed in Part I of this examination but has failed in any written paper/papers or practical and *viva voce* examination only (not in sessional work) in Part II examination shall be allowed to study for the Second examination in Engineering and shall be permitted to take the examination in subjects in which he has failed along with the Part I of the Second examination in Engineering of November/December on payment of the same fee as for the whole examination and if he passes in these subjects and in the aggregate he shall be deemed to have passed the First examination in Engineering.

Provided that the result of the Part I of the Second examination in Engineering of such a candidate shall be declared after his result in the First examination in Engineering and in case he fails in the First examination in Engineering his candidature for the Second examination in Engineering shall be cancelled and he shall not prose-

cute his studies for the Second examination in Engineering, any further, until he has passed Part II of the First examination in Engineering at a subsequent examination.

In order, however, to meet the provisions of this regulation both Part I and Part II examinations shall be held in the month of November/December and in the month of March/April or on such other dates as may be fixed by the Syndicate.

The practical and viva voce examination of only failed candidates shall be held in November/December every year. In April/May, however, the practical and viva voce examination will be held for all candidates as laid down in the syllabus. If such a candidate is unable to pass in the practical and viva voce of Part II of the First examination in Engineering, his candidature of Part I of the Second Examination in Engineering shall be cancelled.

A candidate who fails in any written paper and/or in the Practicals *viva voce* examination of any paper/group shall be permitted to take Part I/Part II examination in the written papers and/or in the Practical/s *viva voce* of that particular Group/s in which he has failed.

A candidate who fails in any sessional work at the Part II examination shall be deemed to have failed in the complete Part II examination and shall not be allowed to study for the Second examination in Engineering any further until he passed in all the sessional work at a subsequent examination. Before appearing at a subsequent Part II examination however he shall have to take admission in an affiliated college and complete the full Part II course once again.

A candidate who fails in not more than one-fourth of the sessional subjects shall be permitted to study for the next higher class and shall have to reappear in these sessional subjects with Part B of the next higher class. In order to improve his sessional records, the candidate shall work extra time in his college as per facilities available and if he is able to make up his deficiencies and passes in the sessional subjects he shall be declared to have passed the First Examination in Engineering. If however, he is unable to pass the sessional subjects even at this attempt, he shall not be permitted to study any further. Such a candidate shall then be governed by Regulation 9.

SECOND EXAMINATION IN ENGINEERING

7. A student who has passed the Part II examination but failed in the Part I examination, shall be deemed to have failed in the entire examination and must take both the Part I and Part II examination again next academic year. However, a candidate who has passed in Part I of this examination but has failed in any written paper/papers or Practical and *viva voce* examination only (not in sessional work) in Part II examination shall be allowed to study for the Third examination in Engineering and shall be permitted to take the examination in subjects in which he has failed along with the Part I of the Third examination in Engineering of November/December on payment of the same fee as for the whole examination and if he passes in these subjects and in the aggregate he shall be deemed to have passed the Second examination in Engineering.

Provided that the result of the Part I of the Third examination in Engineering of such a candidate shall be declared after his result in the Second examination in Engineering and in case he fails in the Second examination in Engineering his candidature for the Third examination in Engineering shall be cancelled and he shall not prosecute his studies for the Third examination in Engineering any further, unless he has passed Part II of the Second examination in Engineering at a subsequent examination.

In order, however, to meet the provisions of this regulation both Part I and Part II examinations shall be held in the month of November/December and in the month of March/April or on such other dates as may be fixed by the Syndicate.

The practical and viva voce examination of only failed candidates shall be held in November/December every year. In April/May, however, the practical and viva voce examination will be held for all candidates as laid down in the syllabus. If such a candidate is unable to pass in the practical and viva voce of Part II of the First Examination in Engineering, his candidature of Part I of the Second Examination in Engineering shall be cancelled.

A candidate who fails in any written paper and/or in the Practicals/*viva voce* examination of any paper/Group shall be permitted to take Part I/Part II examination in the written papers and/or in the Practicals/*viva voce* of that particular Group/s in which he has failed.

A candidate who fails in not more than one-fourth of the sessional subjects shall be permitted to study for the next higher class and shall have to reappear in these sessional subjects with Part B of the next higher class. In order to improve his sessional records, the candidate shall work extra time in his college as per facilities available and if he is able to make up his deficiencies and passes in the sessional subjects he shall be declared to have passed the Second examination in Engineering. If, however, he is unable to pass the sessional subjects even at this attempt, he shall not be permitted to study any further. Such a candidate shall then be governed by Regulation 9.

THIRD EXAMINATION IN ENGINEERING

7. A student who has passed in the Part II examination, but failed in the Part I examination, shall be deemed to have failed in the entire examination and must take both the Part I and Part II examinations again next academic year. However, a candidate who has passed in Part I of this examination but has failed in any written paper/papers or Practical and *viva voce* examination only (not in sessional work) in Part II examination shall be allowed to study for the final examination in Engineering and shall be permitted to take the examination in subjects in which he has failed along with the Part I of the Final examination in Engineering of November/December on payment of the same fee as for the whole examination and if he passes in these subjects and in the aggregate he shall be deemed to have passed in Third examination in Engineering.

Provided that the result of Part I of the Final examination in Engineering of such a candidate shall be declared after his result in the Third examination in Engineering, and in case he fails in the Third examination in Engineering, his candidature for the Final examination in Engineering shall be cancelled and he shall not be allowed to continue his studies for the Final examination in Engineering any further, unless he has passed Part II of the Third examination in Engineering at a subsequent examination.

In order, however, to meet the provisions of this regulation both Part I and Part II examinations shall be held in the month of November/December and in the month of March/April or on such other dates as may be fixed by the Syndicate.

The practical and viva voce examination of only failed candidates shall be held in November/December every year. In April/May, however, the practical and viva voce examination will be held for all candidates as laid down in the syllabus. If such a candidate is unable to

pass in the practical and viva voce of Part II of the First Examination in Engineering, his candidature of Part I of the Second Examination in Engineering shall be cancelled.

A candidate who fails in any written paper and/or in the Practicals/viva voce examination of any paper/Group shall be permitted to take Part I/Part II examination in the written papers and/or in the Practicals/viva voce of that particular Group/s in which he has failed.

A candidate who fails in not more than one-fourth of the sessional subjects shall be permitted to study for the next higher class and shall have to reappear in these sessional subjects with Part B of the next higher class. In order to improve his sessional records, the candidate shall work extra time in his college as per facilities available and if he is able to make up his deficiencies and passes in the sessional subjects he shall be declared to have passed the Third examination in Engineering. If, however, he is unable to pass the sessional subjects even at this attempt, he shall not be permitted to study any further. Such a candidate shall then be governed by Regulation 9.

Regulations 6 (v) for First, Second and Third examinations and Regulation 5(v) for the Final examination in B.Sc. Engineering, at pages 283, 287, 290-291 and 294 of the Calendar Volume II, 1968 shall read as under :—

FIRST EXAMINATION IN ENGINEERING

6(v) 60 per cent in the aggregate of each group of sessionals, practicals and/or viva voce. *If a candidate fails to obtain the said percentage of marks (but has passed in all the sessionals, practicals and viva voce separately) he may be allowed to re-appear in that Group and permitted to improve his sessional marks by doing extra work under the supervision of the teacher concerned.*

SECOND EXAMINATION IN ENGINEERING

6(v) 60 per cent in the aggregate of each group of sessionals, practicals and/or viva voce. *If a candidate fails to obtain the said percentage of marks (but has passed in all the sessionals, practicals and viva voce separately) he may be allowed to re-appear in that Group and permitted to improve his sessional marks by doing extra work under the supervision of the teacher concerned;*

THIRD EXAMINATION IN ENGINEERING

6(v) 60 per cent in the aggregate of each group of sessionals, practical and/or viva voce. *If a candidate fails to obtain the said percentage of marks (but has passed in all the sessionals, practicals and viva voce separately) he may be allowed to re-appear in that Group and permitted to improve his sessional marks by doing extra work under the supervision of the teacher concerned;*

FINAL EXAMINATION IN ENGINEERING

5(v) 60 per cent in the aggregate of each group of sessionals, practicals and/or viva voce. *If a candidate fails to obtain the said percentage of marks (but has passed in all the sessionals, practicals and viva voce separately) he may be allowed to re-appear in that Group and permitted to improve his sessional marks by doing extra work under the supervision of the teacher concerned;*

REVISED REGULATIONS FOR THE DEGREE OF BACHELOR OF SCIENCE IN ENGINEERING (CIVIL, MECHANICAL, ELECTRICAL, AERONAUTICAL, METALLURGICAL, ELECTRONICS & ELECTRICAL COMMUNICATION AND PRODUCTION)

General

1.1. These regulations shall supersede previous regulations for these examinations except in following cases :—

- (i) The results of the various B.Sc. Engineering examination held in April/May, 1969 shall be

declared in accordance with the previous regulations which are being replaced.

- (ii) Candidates who have already been granted exemption or have been allowed to re-appear in certain subjects through the University official notifications already published shall continue to be governed by the previous regulations which are being replaced.

1.2. These regulations shall apply to all candidates appearing in various B.Sc. Engineering examination to be held in November, 1969 and subsequent to that, except those included in Regulation 1.1. After the expiry of exemption, etc., already notified by the University as per Regulation 1.1(ii) all candidates including those already admitted to B.Sc. Engineering course shall be governed by these (new) regulations.

1.3. Candidates who failed in Part II of the examinations held in April/May, 1969 may be promoted to the next semester, in accordance with the previous regulations, and allowed to re-appear in Part II along with Part I of the higher class in November, 1969. From April 1970, however, Part II shall be held only in April and Part I examination only in November.

2. The examination for the degree of Bachelor of Science Engineering shall consist of four examinations, viz. First, Second, Third and Final. Each of these examinations shall be sub-divided into Parts (Part I and Part II). The examination in Part I shall be held in the month of November/December and again alongwith Part II in April/May every year, or on such other date as may be fixed by the Syndicate. The supplementary examination both for Part I and Part II shall be held in June/July every year (i.e. before the commencement of the next session).

3. Every candidate shall forward his application to the Registrar, by the first of March, in the case of Part I examination to be held in April/May and by the 15th of October in the case of Part II examination to be held in November/December, accompanied by the prescribed fee. The admission forms and fees for the Supplementary examination shall reach the Registrar at least two weeks before the commencement of the examination.

4. Whenever the application or fee of the candidate is received more than three days after the last date prescribed in Regulation 3, he shall pay an additional fee of Rs. 5 as late fee, provided such application shall be entertained, only up to two weeks before the commencement of the examination.

5. The amount of admission fee to be paid by a candidate shall be as follows; this also includes fee for detailed marks. A candidate appearing in one or more subjects or papers shall pay the same admission fee as for the whole part :—

	Part I	Part II
1. For the First Examination	Rs. 40	Rs. 45
2. For the Second Examination	Rs. 45	Rs. 50
3. For the Third Examination	Rs. 50	Rs. 55
4. For the Final Examination	Rs. 55	Rs. 60

6. Lectures shall be counted up to 10 days previous to the date of commencement of examination.

7.1. As soon as possible after the termination of examination (Part I and Part II) the Registrar shall publish the result of all the candidates.

A candidate who has passed both the Parts of First, Second and Third examinations shall be granted a certificate. A candidate who passes the Final examination shall be granted the degrees of B.Sc. Engineering in the branch offered.

7.2. All the sessional marks, duly countersigned by the Principal, shall reach the Registrar within 7 days of the termination of the practical and *viva voce* examination and a proper record (*i.e.*, a Registrar) for this purpose shall be maintained by the college.

FIRST EXAMINATION IN ENGINEERING

8. The First examination in Engineering shall consist of two Parts, viz., Part I and Part II. The examination in Part I shall be held in the month of November/December and for Part II in April/May every year, or on such other date as may be fixed by the Syndicate.

9. The examination shall be open to a candidate who—

- (a) (i) has attained the age of 16 years on the first day of October of the year of admission to the Bachelor of Science in Engineering course of the University;
- (ii) has been enrolled in a college affiliated to the University for the degree of Bachelor of Science in Engineering during one academic year preceding the examination. For appearing in Part I in November/December of the year of admission the period of enrolment shall be from the commencement of the academic year to the date of the examination;
- (iii) has passed not less than one semester previous to Part I examination of November/December, the Pre-Engineering in English, Mathematics, Physics and Chemistry of the Panjab University, or, subject to the sanction of the Syndicate on the recommendation of the Faculty, any other equivalent examination recognised for the purpose of admission to the Bachelor of Science in Engineering course of the University, provided that the candidate must have passed the Pre-Engineering or its equivalent examination in the Second Division securing at least 50% marks in the aggregate of (a) the main subjects, *i.e.* English (*full subject*), Mathematics, Physics, Chemistry and (b) including the Optional subject.

Or

the B.Sc. Examination of the Panjab University in Mathematics, Physics and Chemistry obtaining not less than 50% marks in the aggregate of these three subjects and has further passed in English (Optional or qualifying);

- (iv) has his name submitted to the Registrar by the Principal of the college affiliated for the B.Sc. Engineering course;
- (v) produces the following certificates signed by the Principal of the college he has attended :—

- (a) of good moral character;
- (b) of having completed—

- (1) not less than 85% of the total attendances and lectures including tutorials of all the theory subjects, taken together;

the Principal of the college may, in *bonafide* cases, condone deficiency up to 5%;

- (2) not less than 85% of the total periods assigned to Laboratory and practical work, including Drawing Projects, etc., of all the practical subjects;

the Principal of the college may, in *bonafide* cases, condone deficiency up to 5%;

- (3) a minimum of 60% attendances in each subject (theory and practical separately) of each Part of the examination;

- (c) of having carried out and acquitted himself to the satisfaction of the Principal of the college in the Laboratory and sessional work, etc., covered during the Semester/Session and in home work, class work and periodical tests held in the college from time to time.

*Note :—*A candidate who fails to complete 85% attendances as in (1) and (2) above, may be allowed to appear in Part I examination only if he has completed at least 70% of the total attendances during the First Semester, but his result of Part I examination shall be declared only if his attendances in both First and Second Semesters, taken together, are not less than 85% as in (1) and (2), above; otherwise his result shall be cancelled and he will repeat the whole year from the beginning of the class. If he fails to complete First Semester attendances, as above, he shall not be allowed to attend the Second Semester class, and may be allowed at the discretion of the Principal to repeat the course in the following year.

10. Every candidate shall be examined in the subjects laid down in the scheme of examination approved by the University. The examination shall consist of—

- (a) written papers;
- (b) Sessionals (Home-work, class-work and periodical tests in the various subjects including laboratories, workshop and drawings, etc.);
- (c) Practical and/or *viva voce*, in various subjects.

11. The minimum number of marks required to pass the examination shall be—

- (a) 40% in each written paper.
- (b) 50% in the sessional part of each subject.
- (c) 40% in the practical and/or *viva voce* part of each subject.

Provided that a candidate who fails in one or more subjects (either in Theory and/or Sessional and/or Practical and/or *Viva Voce*) by not more than 1% of the total aggregate marks shall be given grace marks in accordance with the rules laid down by Syndicate.

12.1. A candidate, who, having satisfied the requirements of attendance does not appear at Part I examination for sufficient cause or having appeared is unable to pass in one or more of the written papers, sessionals, practicals and *viva voce* part of the subject/s for Part I of the Examination shall be permitted to study in the Second Semester and appear for Part I examination along with the Part II Examination in April/May of the following year.

12.2. A candidate shall repeat the whole course if he does not pass in—

- (i) at least half of the total number of written papers; and
- (ii) at least half of the number of sessionals, practicals and *viva voce*, of both Parts I and II, taken together.

Note :—While calculating half the total number, the fraction shall be ignored.

12.3. A candidate who fails in not more than 50% of the written papers and not more than 50% of the sessionals, practicals and *viva voce* of both Part I and Part II examination; may, be allowed to appear at the supplementary examination in the written papers and sessionals, practicals and *viva voce* examination in which he has failed, to be held before the commencement of the next session.

A candidate who does not pass in all the written papers, all the Sessionals, all the Practical and *Viva Voce* of Part I and Part II in the supplementary examination shall repeat the whole year and shall reappear in both the Parts of the entire examination.

13. A candidate who fails in the Sessionals of the First Semester may be permitted to improve in the Second Semester and a candidate who fails in sessionals of the Second Semester may be allowed to improve during the summer vacation before the Supplementary Examination, provided that the maximum marks awarded in Sessionals of such a candidate shall not exceed the minimum pass percentage of marks.

14. A candidate who is not successful in the First examination in two consecutive years shall not be allowed to continue his studies for the engineering course. For example, a student who joins the B.Sc. Engineering course in 1969 shall discontinue his studies if he does not pass the complete First Examination up to and including the supplementary examination of June/July, 1971. This is, however, subject to the provisions of Regulation 3(E) at page 119 of the Panjab University Calendar, 1968 (Volume I).

SECOND EXAMINATION IN ENGINEERING

15. The Second examination in Engineering shall consist of two Parts, viz., Part I and Part II. The examination in Part I shall be held in the month of November/December and for Part II April/May every year, or on such other date as may be fixed by the Syndicate.

16. The examination shall be open to a candidate who—

- (a) (i) has been enrolled in a college affiliated to the University for the degree of Bachelor of Science in Engineering during one academic year preceding the examination. For appearing in Part I in November/December of the year of admission the period of enrolment shall be from the commencement of the academic year to the date of the examination;
- (ii) has passed not less than one semester previous to Part I examination of November/December the First examination in Engineering or (subject to the sanction of the Syndicate on the recommendation of the Faculty), any other examination recognised as equivalent thereto not less than one semester previously;
- (iii) has his name submitted to the Registrar by the Principal of the college affiliated for the B.Sc. Engineering Course;

(iv) produces the following certificates signed by the Principal of the college he has attended :—

- (a) of good moral character;
- (b) of having completed :—
 - (1) not less than 85% of the total attendances and lectures including tutorials of all the theory subjects, taken together; the Principal of the college may, in *bona fide* cases, condone deficiency upto 5%;
 - (2) not less than 85% of the total periods assigned to Laboratory and practical work, including Drawing Projects, etc., of all the practical subjects; the Principal of the college may, in *bonafide* cases, condone deficiency upto 5%;
 - (3) a minimum of 60% attendances in each subject (theory and practical separately) of each Part of the examination;
- (c) of having carried out and acquitted himself to the satisfaction of the Principal of the college in the Laboratory and sessional work, etc., covered during the Semester/Session and in home-work, class-work and periodical tests held in the college from time to time.

Note :—A candidate who fails to complete 85% attendances as in (1) and (2) above, may be allowed to appear in Part I examination only if he has completed at least 70% of the total attendances during the First Semester, but his result of Part I examination shall be declared only if his attendances in both First and Second Semesters, taken together, are not less than 85% as in (1) and (2) above, otherwise his result shall be cancelled and he will repeat the whole year from the beginning of the class. If he fails to complete the First Semester attendances, as above, he shall not be allowed to attend the Second Semester class, and may be allowed at the discretion of the Principal to repeat the course in the following year.

17. Every candidate shall be examined in the subjects laid down in the scheme of examination approved by the University. The examination shall consist of—

- (a) written papers;
- (b) Sessionals (Home-work, class-work and periodical tests in the various subjects including laboratories workshop and drawings etc.).
- (c) Practical and/or *viva voce* in various subjects.

18. The minimum number of marks required to pass the examination shall be—

- (a) 40% in each written paper.
- (b) 50% in the sessional part of each subject.
- (c) 40% in the practical and/or *viva voce* part of each subject.

Provided that a candidate who fails in one or more subjects (either in Theory and/or Sessional and/or Practical and/or *viva voce*) by not more than 1% of the total aggregate marks shall be given grace marks in accordance with the rules laid down by Syndicate.
